Step 1 - Choose your installation side (Driver or Passenger)

Regardless of which side you chose, the process is the same. Locate the following two holes on either side of the shelf.

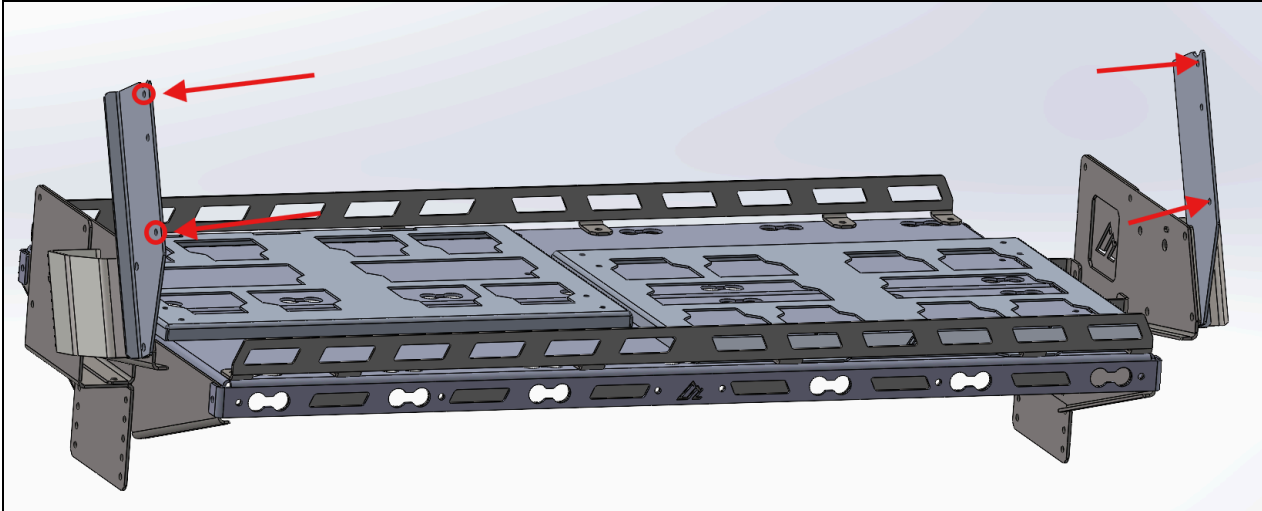

Undo the (2) M6x20mm Button Head Flange bolts in these locations. Align the fire extinguisher bracket on the outside surface of the curved bracket and re bolt as shown below.

Step 2 - Attach your extinguisher latch

We design this bracket to support the synergy fire extinguisher latch. To install this equipment, use the top two holes on the bracket and bolt in from the inside surface using (2) M8x20mm Flat head Bolts and (2) M8 Nylon Locknuts.

Once complete the installation should appear as follows (for the passenger side).
