FORD BRONCO HARDTOP LOWRANCE HDS9 GPS MOUNT

Thank you for purchasing the Ford Bronco Hardtop Lowrance HDS9 GPS Mount from AAL! We greatly appreciate your trust in our company. We take that purchase and your commitment to us very seriously. If you have any questions along the way, please don't hesitate to give us a call at 385.202.4188.

**** Please read these instructions thoroughly before starting this project ****

**** This installation only works for the HDS9 Lowerance GPS Model ****

Tools Required:

There is more than one tool for every job, but below is the list of tools we use for this installation.

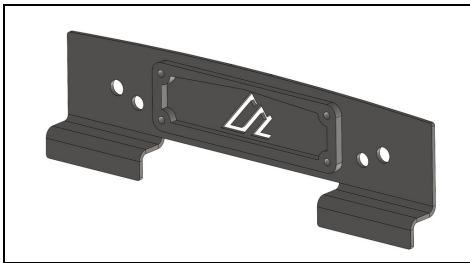

- 4mm Allen Socket or Wrench

What's Included:

Lowerance HDS9 Mount Parts:

Main Bracket

1

Lowerance HDS9 Mount Hardware:

N/A, all hardware is factory

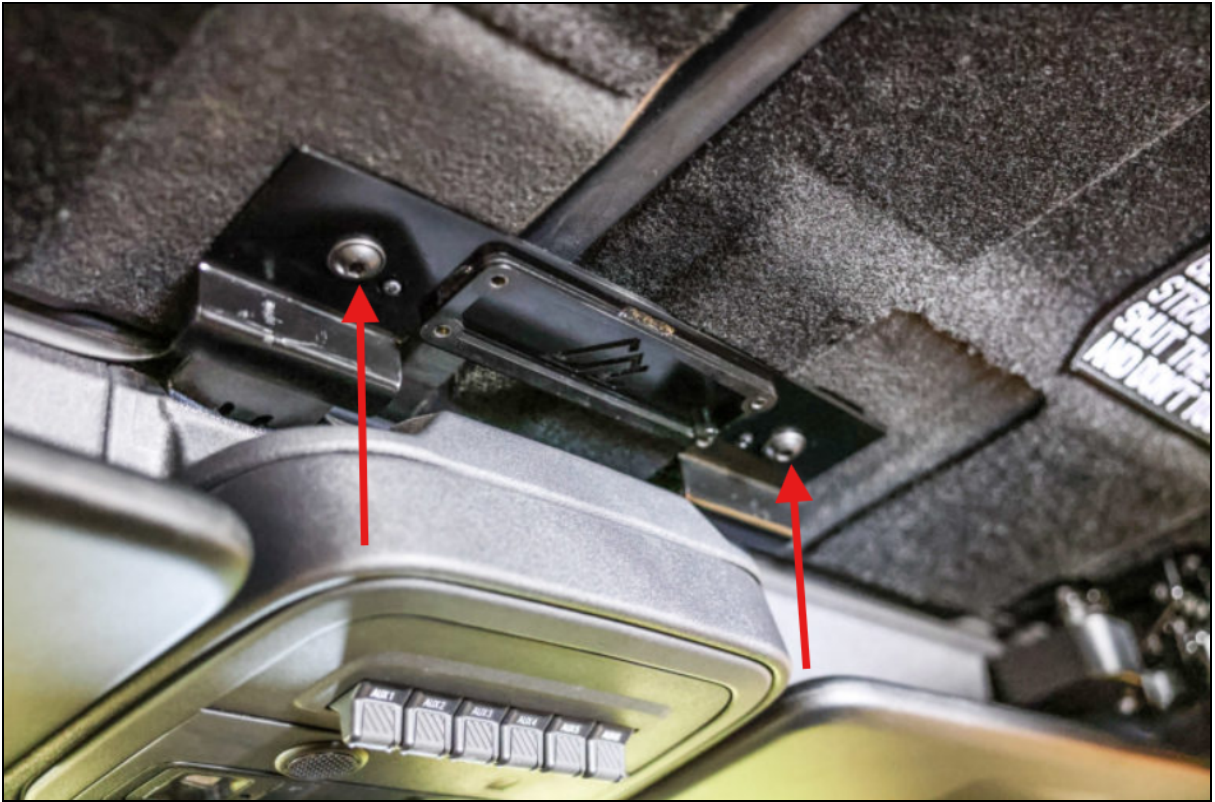

Step 1 - Remove the Factory bolts

The first step is to remove the factory bolts which hold the roof fasteners in place. They sit in the front and central part of the vehicle roof, here

Step 2 - Install the Bracket

Once located use a 6mm star key to remove these bolts and fasteners, make sure not to lose them. Then place the two large holes of the mounting bracket below these holes and bolt into the roof using those same factory bolts.

Now you have the ability to install your HDS9 Lowerance GPS system. Do so using the four bolts slots in the center of the bracket.
